ABSTRACT

RATIH TWINDARYATI

ANALISIS EKONOMI PROGRAM NASIONAL PEMBERDAYAAN PEREMPUAN MANDIRI PERDESAAN (PNPM-MP) DI KECAMATAN TANON KABUPATEN SRAGEN

The aim of this study are: (1) to determine profile UPPKS group members before and after receiving the PNPM funds, (2) to determine the impact on members of the Donor Program UPPKS group, and (3) to determine the effect PNPM-MP programs to improve the welfare of group members UPPKS.

The hypothesis proposed in this study are: (1) suspected to increase the productivity of the PNPM program PNPM members, (2) suspected PNPM increase the amount of labor, (3) suspected welfare UPPKS members.

Population studies are 240 group of Usaha Peningkatan Pendapatan Keluarga Sejahtera (UPPKS) who received the PNPM-MP in Kecamatan Tanon Kabupaten Sragen, the number of member of the group varies UPPKS 8 to 12 members. Each member of a fund of Rp. 500,000,00 to Rp. 2,000,000,00. Sample rate 10% of the population of the 12 groups, with each group taken 5 members, the number of samples in this study of 60 respondents to the technique of random sampling techniques. Analysis to the hypothesis using different T-test.

Hypothesis testing results found that (1) there are difference in average number of positive productivity significantly between the before the after the PNPM-MP, this proved hipotesi 1. (2) there are differences in average monthly income is significantly positive between the before the after adalnya PNPM, thus proved hipotesis 2, and (3) there are differences in average-the average amount of labor positive significantly that were before with after adalnya PNPM-MP, with Thus hipotesi 3 proven.

Based on the data analysis obtained the following conclusions (1) members of the group UPPKS Donor funding recipients in Kecamatan Tanon Kabupaten Sragen majority are women with low education of junior high school, (2) members of the group UPPKS Donor funding recipients in Kecamatan Tanon Kabupaten Sragen, using funds to increase the amount of energy employment, productivity and penghasilan, (3) the difference in the amount of labor, productivity and come group in Kecamatan Tanon Kabupaten Sragen UPPKS before with after the PNPM-MP.

Keywords : PNPM-MP, UPPKS, Kabupaten Sragen.
