Aidian Ekasari, C9309007, 2013. TEACHING VOCABULARY BY USING PICTURES AND SONGS TO THE THIRD GRADE STUDENTS AT SDN 2 KEMASAN SAWIT BOYOLALI. English Diploma Program, Faculty of Letters and Fine Arts, Sebelas Maret University.

This final project is written based on the job training which has been done by the writer at SDN 2 Kemasan Sawit Boyolali. The purpose of this final project is to describe the process of teaching vocabulary by using pictures and songs to the third grade students at SDN 2 Kemasan Sawit Boyolali.

The writer has been observing the class and interviewing the English teacher of SDN 2 Kemasan Sawit Boyolali. The process of teaching vocabulary consisted of four steps based on the lesson plan that was made before. There were building knowledge of field, modeling, joint construction, and independent construction. During process of teaching and learning, the writer faced some problems. The problems are the carelessness of the students, the limitation of vocabulary, and mispronunciation of the words. The writer also gave the solutions to solve the problems. From the discussion in this final project, hopefully the readers will know how to teach interestingly to the students in Elementary school.
